Home-grown fruit, nothing tastes better or is more satisfying to cultivate. In simple language and informative graphics, this publication tells you how to grow and harvest the freshest, highest-quality fruit right in your own backyard. Covering tree fruits, berries, grapes, and several other minor fruits, you'll have the tools at your fingertips to prepare the soil, select varieties, and maintain your plantings as well as trouble shoot the more common disease and insect pests.

Pick up your copy of the **Cornell Guide to Growing Fruit at Home** today at our Horticulture Diagnostic Lab, at 423 Griffing Avenue in Riverhead, or call us to reserve your copy 631-727-4126.

A wealth of information for only \$10.00, while supplies last!
